PROFESSIONAL SUMMARY

I'm a curious and motivated Computer Science student who enjoys turning ideas into real, working projects. With a growing skill set in programming and web development, I like solving problems, learning new tools, and collaborating with others to create practical, user-friendly solutions. I'm looking forward to contributing to meaningful projects while continuing to expand my knowledge.

SKILL SET

Technical Skills: HTML, CSS, JavaScript, Bootstrap, Tailwind CSS, Java, C++, Data Structures & Algorithms (DSA), AWS, Efficient use of AI tools for faster development.

Soft Skills: Communication, Problem-Solving, Teamwork, Adaptability, Responsible & Disciplined.

EDUCATION

Bachelor of Technology in Computer Science :

Jai Narain College of Technology, Bhopal (2022 – 2026) | Current CGPA: 6.67

Higher Secondary Education (12th, Mathematics) :

Anant Utsav School, Bhopal, MP (2021 – 2022) | Percentage: 68.7%

High School (10th) :

Anant Utsav School, Bhopal, MP (2019 – 2020) | Percentage: 70.2%

PROJECTS

Valor Clothing Store ([GitHub](#)) - Built a responsive e-commerce website using HTML, CSS, JavaScript, and Bootstrap, optimizing user experience through intuitive navigation, attractive design, and seamless interactivity.

Portfolio ([GitHub](#)) - Designed and developed a responsive personal portfolio using HTML, CSS, and JavaScript, with interactive UI elements and animations to boost user engagement and showcase front-end skills.

EXPERIENCE

Junior Frontend Developer Intern
Crictasy (Dec 2024 – June 2025)

Contributed to the design and development of the company website during internship, focusing on the footer section using JavaScript, Bootstrap, and Tailwind CSS, improving functionality and responsiveness.

CERTIFICATIONS

Front-End Development Internship – Crictasy
HTML5 – Infosys SpringBoard
CSS3 – Infosys SpringBoard
JavaScript – Infosys SpringBoard
Java Programming Fundamentals – Infosys SpringBoard
